

SENIOR PRODUCT ARCHITECT

Full time 40h/week

RailNetEurope (RNE) is an association of European Infrastructure Managers (IMs) and Allocation Bodies (Abs) headquartered in Vienna. With around 80 international employees, we actively shape the future of European rail transport. Through innovative processes and IT solutions within the Timetable Redesign (TTR) programme, we drive the digitalization and efficiency of European capacity management.

We are currently looking for a **Product Architect** to join our team in order to design and deliver scalable, robust solutions that align business needs, regulatory requirements, and technical feasibility. This role focuses on **bridging strategy and technology** while working on specific solution areas rather than end-to-end architecture.

YOUR DUTIES & RESPONSIBILITIES

- Owns and evolves the product architecture, aligning it with business priorities and strategic objectives.
- Deep understanding and knowledge of automated path allocation systems.
- Translates business and technical requirements into scalable and sustainable architectural solutions.
- Provides architectural leadership, ensuring consistency, quality, and seamless system integration.
- Guides key design decisions, balances trade-offs, and aligns stakeholders on architectural direction.
- Establishes standards and best practices to drive long-term product evolution and resilience.

YOUR QUALIFICATIONS & SKILLS

- Strong architecture expertise with the ability to translate business needs into effective solution designs.
- Proven stakeholder and supplier management experience across complex environments.
- Solid knowledge of software architecture, integration, scalability, and lifecycle management.
- Strong analytical skills with the ability to assess trade-offs and make sound decisions.
- Excellent communication and influencing skills across technical, business, and executive stakeholders.
- Experience in product development, governance, change management, and compliance.

WHAT WE OFFER

- Opportunity to work on unique projects in an innovative environment.
- The annual gross minimum wage for this is € 80.000, - (full time – 40h/week), willingness to offer above-market salary depending on experience and qualifications.
- Flexible working hours with the option of up to 50% home office.
- Modern office in an international environment with a high-energy, driven teams.
- Individual development opportunities in a supportive working environment.
