

## Unsolicited application

If you would like to help shape the future of European rail transport but have not found a suitable position among our current vacancies, we would be delighted to receive your unsolicited application.

As an international network of European Infrastructure Managers (IMs) & Allegation Bodies (Abs), RailNetEurope's mission is to make cross-border rail transport more efficient, digital, and sustainable.

Detailed information can be found on RNE's [website](#)

To support this mission, we are looking for motivated individuals who would like to contribute with ideas, expertise, and enthusiasm in an international working environment.

### Your qualifications & skills

- Interest in international and intercultural working environments
- A strong sense of initiative, combined with a structured and solution-oriented way of working
- Very good command of English; additional languages are an advantage
- Relevant professional qualifications and/or solid work experience in your field
- Experience in the railway sector is highly appreciated and considered a strong asset
- Please note that additional requirements may apply for certain functions

### What we offer

- An international working environment in Vienna
- Collaboration with European railway Infrastructure Managers and Allocation Bodies
- Exciting tasks related to mobility, sustainability, and digitalization
- Flexible working models and modern working conditions
- Opportunities for professional and personal development

### Ready to move Europe forward with us?

If you are passionate about innovation, collaboration, and shaping the future of international rail transport, we would love to hear from you.

Please submit your application exclusively via our [application link](#) and include:

- Your CV
- A self-written motivation letter telling us
  - Which area or department you see yourself in
  - Why you would like to become part of RailNetEurope

*And one small request from our side: We are genuinely interested in getting to know you - your ideas, motivation, and personality. For this reason, we kindly ask you to write your motivation letter yourself and refrain from using AI tools. To us, authenticity matters more than perfection.*
